

【職安衛宣導】雨季安全不鬆懈，防滑、防電、防墜落

【Occupational Safety and Health Promotion】Remain Vigilant During the Rainy Season: Prevent Slips, Electrical Hazards, and Falls

近期雨季時期，鋒面及短延時強降雨發生機率增加，校園內外易出現地面濕滑、積水、感電、樹枝或物件掉落等風險。尤其上下班途中、停車場、樓梯、走道及建物出入口等處，較易發生滑倒或跌倒情形，請同仁務必提高警覺。

雨季期間請注意下列安全事項：

一、防滑跌倒

雨天地面濕滑，行走時請放慢腳步，避免奔跑、低頭使用手機或分心；建議穿著防滑或抓地力較佳之鞋款，並避開落葉、青苔、積水及樹枝散落處。

二、防止感電

雨天或地面潮濕時，應避免戶外用電作業；用電設備、延長線、插座如有受潮、破損或異常情形，請立即停止使用。

三、防止物件掉落

豪雨或強風期間，請避免於樹下、建築物外牆、施工圍籬、招牌或臨時設施附近停留，並留意樹枝斷落或物品掉落風險。

四、防止積水及溺水意外

雨勢較大時，請勿靠近湖池、水圳、排水溝或低窪積水區；如遇積水路段，請勿冒然涉水通行。

雨季安全不鬆懈，請各位同仁多加留意通勤及校園行走安全。

In recent times, the rainy season has brought an increased likelihood of frontal systems and brief yet intense downpours. Consequently, both the interior and exterior of the campus are prone to hazards such as slippery surfaces, water accumulation, electrical shocks, and falling branches or objects. Particularly along commuting routes, parking lots, stairways, corridors, and building entrances and exits, the risk of slips and falls is heightened. All staff are urged to exercise heightened vigilance.

Please observe the following safety precautions during the rainy season:

1. Preventing Slips and Falls

Wet surfaces during rainy weather demand a slower pace when walking; avoid running, looking down at mobile devices, or becoming distracted. It is advisable to wear footwear with superior slip resistance or grip, and to steer clear of areas with fallen leaves, moss, standing water, or scattered branches.

2. Avoiding Electrical Hazards

Refrain from outdoor electrical work during rain or when surfaces are damp. Should any electrical equipment, extension cords, or outlets exhibit moisture, damage, or irregularities, cease their use immediately.

3. Preventing Falling Objects

During heavy rain or strong winds, avoid lingering beneath trees, near building facades, construction fences, signage, or temporary structures. Remain alert to the potential risk of falling branches or objects.

4. Preventing Water Accumulation and Drowning Incidents

In periods of heavy rainfall, keep a safe distance from ponds, irrigation ditches, drainage channels, or low-lying flooded areas. Do not attempt to traverse flooded pathways recklessly.

Remain unwavering in your commitment to safety throughout the rainy season. All colleagues are encouraged to exercise utmost caution during their commutes and while navigating the campus.

Environmental and Safety Technology Center cares for your well-being.
